

### Next Generation Young Shepherd Data Protection

Here at the NSA, data protection is a crucial part of our day-to-day business. In becoming a Next Generation Young Shepherd Competitor (NGA Young Shepherd), we must ask that you sign to say you are happy for us to process your personal data (such as name, farm details, farming systems details etc.) within the following NSA communication channels:

- Social media (Facebook, twitter)
- A NGA Young Shepherd Competitor profile on the website
- Press releases
- Sheep Farmer magazine
- Regional Website and NSA website

There may also be times where NGA Young Shepherd Competitors name and contact details are shared with external parties such as press organisations to allow them to contact you directly for articles/stories relating to the NGA Young Shepherd competition. Unfortunately, it is a requirement in becoming a NGA Young Shepherd Competitor to allow NSA to process your data in the methods listed above and failure to agree will result in your application being terminated.

#### Declaration:

I understand that the personal information I have provided on behalf of my role as an NGA Young Shepherd Competitor will be kept and stored securely on NSA's database in accordance with NSA Privacy Policy. By signing, you are consenting to participate in our Wider Interest Group and we may contact you in the future, even after termination of the position.

I CONSENT TO THIS INFORMATION BEING PROCESSED AS STATED ABOVE

<b>Signed:</b>	<b>Date:</b>
